CONTACT REPORT

PFLIMING - []
PFLIMING's Office - 1425-1520

1. UJERIKU/UJERIKU/MAHAR - PFLIMING reported the latest available re UJERIKU's travel plans - See MEMO 6079.

2. UJERIKU - The following came up:

A. GALLIKAK Telephone and mail coverage was requested on UJERIKU's office ("Dienststelle") located in Heidelberg, Zappalstrasse 2, Telephone 41352.

B. PFLIMING said that the "Dienststelle" consisted only of UJERIKU and a secretary known as the Dot. had been created with the intention of deliberately blowing it to the RIB in the UJERIKU operation.

C. UJERIKU - Approval of the above, PFLIMING talked about how strange it was that the Soviets had failed to follow up on their approach to UJERIKU after the initial meetings in Rome during the Olympics. PFLIMING said that a thorough check of the ops file indicated that there had been one later meeting scheduled in Geneva which had not taken place, and that since that time - as far as the record was concerned - the Soviets had made no effort whatsoever to contact UJERIKU. PFLIMING also mentioned that up until the time that PFLIMING committed suicide, the operation had really been run by the MI:Russia and had only been coordinated with UPHILL via UJERIKU. PFLIMING also said that, although he could not put his finger on it, there was something wrong about PFLIMING's suicide; he felt that there must have been something motivating PFLIMING other than the fact that a war crimes charge finally had caught up with him - especially since he had been domestically loyally cooperating with the German authorities in a double agent operation against the Soviets.
